

From the builders of 100mph steam locomotive No. 60163 Tornado – the first new main line steam locomotive built in Britain since 1960

Yes!

I would like to support the P2 Project and sponsor a component

Please complete the form below and return to:

Dedicated Donations
P2 Construction Fund
The A1 Steam Locomotive Trust
Darlington Locomotive Works
Hopetown Lane
Darlington DL3 6RQ

We will then send you the appropriate Dedicated Donation forms, so that we can set you up on our systems and reclaim UK income tax paid through Gift Aid where appropriate. Why not visit us at Darlington and see No. 2007 *Prince of Wales* under construction for yourself? We are open 11:00hrs to 16:00hrs on the first and third Saturday of each month.

For further information please visit www.p2steam.com, call **01325 460163** or email dedicated.donations@p2steam.com.

DEDICATED DONATION APPLICATION FORM

SPONSOR A COMPONENT OF BRITAIN'S MOST POWERFUL STEAM LOCOMOTIVE

How you can help us to complete Gresley class P2 No. 2007 *Prince of Wales* by 2021

Over £3.3m pledged - and locomotive now over 40% complete

Make a Dedicated Donation today!

Follow us on:
[f](#) [t](#) [in](#) [ig](#)

1 1 inch BSW driven bolts and nuts:

£25 each as a one-off donation.

2 Various valve tappets on the cylinder block:

£150 (each) as a one-off donation.

3 Pony truck side control spring - front:

£300 as a one-off donation or £12.50 per month for 24 months.

4 Pony truck axle:

£4,440 as a one-off donation or £70 per month for 60 months.

5 Leading coupled horn block left-hand casting:

£1,800 as a one-off donation or £75 per month for 24 months.

6 Driving coupled wheel spoke:

£600 (each) as a one-off donation or £25 for 24 months.

7 Various brake lever pins:

£55 (each) as a one-off donation.

8 Firebox cladding sheets:

£500 (each) as a one-off donation or £20 per month for 25 months.

9 Spring casing for double buffer right-hand casting:

£1,200 as a one-off donation or £50 per month for 24 months.

Progress on the building of *Prince of Wales* is moving forward rapidly, with our new Gresley class P2 already over 40% complete by engineering effort, and pledges of £3.3m of the £5m needed by 2021 already received. In the five years since the launch of project, No. 2007 has reached the stage that took twelve years with No. 60163 *Tornado* and we remain on-track for completion around the end of 2021. However, to maintain this rate of progress we need to raise in excess of £700,000 per year.

We launched the Dedicated Donations Scheme in 2014 and it has already raised over £345,000 - which has far surpassed the total amount raised from a similar scheme, towards the construction costs of *Tornado*. Dedicated Donations range in price from one of over 1,000 driven bolts & nuts for £25 to the complete exhaust steam injector for £15,000 - an ideal present for the railway enthusiast in your family or just something for yourself.

Supporters who subscribe to the scheme receive these special benefits:

- Name inscribed on the official roll of honour at Darlington Locomotive Works listing the components sponsored
- A certificate recording the sponsorship and an A4 copy drawing of the component.

This is a unique opportunity to be associated with a component of No. 2007 and the funds raised

Progress to-date

- Engine's frames erected; all major engine frame stays, brackets, horn blocks, axle boxes and buffers cast; around 1,000 driven bolts fitted to the frames
- All engine wheelsets complete; materials for tender wheelsets delivered
- Boiler design study commissioned, and forged foundation ring corners manufactured and machined; start made on boiler fittings with castings for combined injector steam and delivery valves; regulator castings delivered; superheater header cast and machined; boiler cladding manufactured and trial fitted to frames; boiler order imminent
- Study into ride and suspension completed using rail industry standard Vampire® software; finite Element Analysis completed on re designed crank axle to ensure locomotive complies with modern standards
- Cab erected and cab side and spectacle window frames fitted; engine footplating and splasher kits delivered and permanently fitted to frames
- Smokebox assembled and fitted to the frames; chimney cast and fitted
- Tender tank and frames construction under way, axlebox and other tender castings ordered from William Cook Cast Products
- Nameplates and chime whistle delivered
- Significant progress on design and manufacture of pipework and electrical system
- Over £2m spent, £2.6m raised and £3.3m pledged of the required £5m.

will help to ensure that *Prince of Wales* will be completed on schedule. As with *Tornado*, supporters will have the satisfaction of pointing to the part they paid for when No. 2007 enters service. Please contact our Dedicated Donations team to secure your chosen component. Most components can be sponsored either as a single donation or spread over a number of months - whatever works best for you. If it's not on the list, please ask and if it is still available we will price it for you.
